

DOUBLE IBC BUNDED SPILL PALLET

Maximise Space For A Double Storage System For Easy IBC Access

The SpilMax® Double IBC Bunded Spill Pallet is designed for safe and efficient IBC storage. Made from tough LLDPE, it offers excellent resistance to corrosion, acids, and alkalis. It's forklift-friendly, stackable for space-saving storage, and features a removable grating for quick and easy cleanup. The pallet's construction prevents strain hardening as it cools, reducing the risk of cracking and ensuring long-term durability.
